Integrates seamlessly with your current Microsoft Dynamics RMS set-up

How it works

PIC-ME for Dynamics RMS is Physical Inventory Count Made Easy - letting you use multiple data collectors and later consolidating all data before importing.

Typical examples:

- Medium to large stores: Have multiple employees perform an inventory count and consolidate all data into one sheet for import
- Grocery stores: Import items by alias, description or subdescription.

Another Great Add-on by **Retail Hero**

RETAIL HERO'S PIC-ME

About PIC-ME

Built well:

- Designed for use with all modern hand-held data collectors
- .NET-based, compatible with Windows XP, Windows Vista, Windows 7
- Compatible with RMS versions 1.2 and higher

PIC-ME is a replacement for:

- The standard data importing functionality in your software
- Manual inventory counts

Benefits are:

- Reduced human error in inventory counts resulting in lower shrinkage
- Faster inventory count
- Import items by item prefix, postfix, description, subdescription or alias
- Consolidate multiple data sheets into one file

About Retail Hero™

A developer of add-on software solutions for Dynamics RMS since 2004, Retail Hero is a Microsoft Gold Certified Partner. Our add-on solutions enable retailers to perform a variety of additional functions with seamless connectivity to Dynamics RMS. Our add-on solutions include:

- **Hero Points** for a cash-based loyalty program
- **Happy Checks** for a cash-based loyalty program that mails coupons
- **Q-Rewards** for a quantity-based loyalty program
- **Catalog View** for a touch-screen enabled visual interface
