1409	Loc. Code 1409 Tax	1.800%	
1500	Loc. Code 1500 Tax	1.900%	

Import tax information to the RMS Store Manager

How it works

ShipT for Dynamics RMS helps to overcome a limitation in RMS regarding destination taxes. With Ship-T you can charge the correct tax (local, county, out-of-state etc.) depending on whether the same customer personally comes to your store or the order is being shipped to a different locality.

Typical Customers:

- Furniture stores, home hardware stores, suppliers: change destination taxes accurately when shipping

RETAIL HERO'S SHIP-T

About Ship-T

Built well:

- Ship-T reduces accounting overhead by simplifying tax calculation
- .NET-based, compatible with Windows XP, Windows Vista, Windows 7
- Compatible with RMS versions 1.2 and higher

Ship-T is an improvement to:

- Alleviate all destination-based tax issues
- Reduce transaction time
- Automate the sales process

Benefits are:

- Eliminates human error in applying destination tax to shipments
- Increases transaction speed
- No need to constantly update your tax database, saving time.
- Automates taxation process to reduce accounting/bookkeeping labor costs for your business

About Retail Hero™

A developer of add-on software solutions for Dynamics RMS since 2004, Retail Hero is a Microsoft Gold Certified Partner. Our add-on solutions enable retailers to perform a variety of additional functions with seamless connectivity to Dynamics RMS. Our add-on solutions include:
