New Import Save Reset

Connected. Database: (local)\RMSStore. Product version: 2.0.3075.25863

Displays multiple orders and their items

Integrates seamlessly with your current Microsoft Dynamics RMS set-up

How it works

TOP Import for Dynamics RMS is a utility that lets you create purchase orders and transfer orders using a data collector.

Typical Customers:

- Store chains with a warehouse: Create a large transfer order for a store with a data collector and import it directly.
- Retail Chains: Save time by doing transfer orders and purchase order with a digital device

RETAIL HERO'S TOP IMPORT

About TOP Import

Built well:

- Designed for use with any delimiter format and hand-held data collection device
- .NET-based, compatible with Windows XP, Windows Vista, Windows 7
- Compatible with RMS versions 1.2 and higher

TOP Import is a replacement for:

- Manual per-item scanning for a Purchase or Transfer order

Benefits are:

- Very fast data collection for a transfer order
- Review your TOs and POs at a glance
- User friendly
- Increased store operation efficiency
- Eliminates human error in manually created purchase and transfer orders.

About Retail Hero™

A developer of add-on software solutions for Dynamics RMS since 2004, Retail Hero is a Microsoft Gold Certified Partner. Our add-on solutions enable retailers to perform a variety of additional functions with seamless connectivity to Dynamics RMS. Our add-on solutions include:

- **Hero Points** for a cash-based loyalty program
- **Happy Checks** for a cash-based loyalty program that mails coupons
- **Q-Rewards** for a quantity-based loyalty program
- **Catalog View** for a touch-screen enabled visual interface
- **Ship-T** for a destination tax controller
- **Team Commission** for an enhanced commission module
- **Quick Tender** for an efficient tendering add-on
- **PIC-ME** for a physical inventory count assistant
- **Back Order Presto** for easy backordering
